Welcome

Mr John Reay
President and Chief Executive Officer
HCA Healthcare UK

I am delighted to invite you to our inaugural **Innovations and Debates in Colorectal Cancer: Now and the Future symposium**. We have a tremendous interactive programme including leading authorities from across both the UK and the world, who will discuss the latest innovations in colorectal cancer. Audience participation is encouraged and I am confident that the knowledge gained from this symposium will enrich your practice.

REGISTER HERE

Topics will include:

- Surgery for recurrent colorectal cancer
- Cytoreductive surgery and HIPEC
- Robotic colorectal surgery
- Intraoperative radiotherapy
- Synchronous bowel and liver resections
- Complete mesocolic excision
- Latest opinions on radiotherapy and chemotherapy for colorectal cancer
- Live case panel discussions

Innovations and Debates in Colorectal Cancer – conference programme

Thursday 19th September 2019

8.00am – 9.00am Registration and breakfast

9.00am – 9.15am Welcome and Aims of Conference Mr Colin Elton

Session 1 – Debates in primary colorectal cancer treatment

9.15am – 9.45am

This house believes that patients with colorectal peritoneal metastases should have HIPEC along with cytoreductive surgery.

For: Mr Brendan Moran
Against: Professor Daniel Hochhauser
Chair: Dr Kai-Keen Shiu

9.50am – 10.20am

This house believes that patients with splenic flexure tumours should only undergo open and not laparoscopic surgery.

For: Mr Alistair Windsor
Against: Mr Christopher Thorne
Chair: Mr Daren Francis

10.25am – 10.45am

CME should be the gold standard for colonic cancers.

Professor Frank Pfeffer

Chair: Mr Brendan Moran

10.45am – 11.00am Questions and discussion for speakers.

11.00am – 11.15am Tea and refreshments

11.15am – 11.45am

This house believes that patients with locally advanced rectal cancer should be offered short course radiotherapy instead of long course radiotherapy, along with chemotherapy.

For: Dr Robert Glynne-Jones
Against: Dr Amen Sibtain
Chair: Dr Andy Gaya

11.50am – 12.10pm

Keynote lecture

Colorectal Cancer – Demise of the Radical Surgeon

Dr Robert Glynne-Jones

12.15pm – 12.45pm

Case Presentations and Panel

Mr Christopher Chan

12.45pm – 1.30pm

Lunch

Session 2 – Debates in Treatment for Metastatic Colorectal Cancer

1.30pm – 2.00pm

This house believes that patients should undergo synchronous liver and colorectal resections.

For: Professor Kito Fusai
Against: Professor Brian Davidson
Chair: Mr Christopher Chan

2.05pm – 2.30pm

What is the limit for the surgeon in recurrent colorectal cancer? Mr Ian Jenkins

2.35pm – 3.05pm

This house believes that robotic surgery offers advantages over laparoscopic surgery for patients with rectal cancer.

For: Mr Mark Gudgeon
Against: Professor Paris Tekkis
Chair: Mr Steve Warren

3.10pm – 3.25pm

Tea and Refreshments

3.30pm – 4.00pm

This house believes that patients with metastatic colorectal cancer should be maintained on chemotherapy.

For: Dr Daniel Krell
Against: Dr Kai-Keen Shiu
Chair: Dr Robert Glynne-Jones

4.05pm – 4.25pm

Keynote Lecture
Intraoperative Radiotherapy for Colorectal Cancer

Professor Alex Mirnezami

4.30pm – 5.30pm

Audience vs Panel of Experts

Mr Colin Elton

5.00pm

Closing remarks

Mr Colin Elton
