## INSURED PATIENTS

If you have private medical insurance, please notify us by calling **020 3114 3239**, prior to your first booking appointment, so we can discuss and advise on our billing procedure. To enable direct billing, please provide our business office with your insurance details.

Package prices and loyalty discounts do not apply and an itemised invoice will be issued. You are required to obtain appropriate authorisation from your insurance provider.

\*For Self-Pay patients, you may have private medical insurance that will be eligible if your baby is admitted to the NICU department (covering NICU/HDU/SCBU). If you do not have access to private medical insurance, we will cover up to the first 3 nights of care within the NICU department for any unexpected admissions. Please note that as your baby's care steps down, charges will be liable. These charges may be eligible within your private medical insurance. We can discuss this further with you.

Please liaise with your insurance company prior to delivery to include your newborn baby's post-delivery care on your policy. Please note that insurers only cover a standard room - upgraded rooms are on a Self-Pay basis.
